The Bishops Trust

Update on the 175 Campaign

We are incredibly grateful for the support we have received since the launch of the 175 Campaign in November 2016.

November is generally a very busy time of year so we are very appreciative of the effort made to attend the launch.

To date we have raised in excess of **R26 million** so thank you to all the generous donors that have contributed thus far.

In addition, 9 boys are currently funded by Bishops families or businesses via the Extra Term Initiative. By assisting with one term's school fees annually for five years, benefactors are providing a life changing opportunity to these boys – thank you.

Education remains a key challenge in South Africa and has a direct bearing on the current skills needs in various facets of the local economy. There is a wonderful opportunity to contribute meaningfully in this regard and assist with educating our boys who we hope will become tomorrow's leaders and contributors to society. Bishops continuously strives to be a leading centre of modern learning within a local and global framework and we require your support.

The 175 Campaign is an appeal to the whole Bishops community including OD's, current and past parents as well as staff and even the current students at the school. We ask you all to participate in this great initiative now and into the future to keep Bishops a relevant, well rounded and outstanding centre of education, producing gentlemen that can contribute meaningfully in their own circles of influence and in turn support Bishops in the future.

Please note that bona fide donations to the Bishops Trust are eligible for a Section 18A Tax Exemption Certificate. Any donation received before the end of February 2017 allows a deduction in the 2017 tax year. Please read here for additional information on the tax benefits.

If you would like to find out more about The Bishops Trust 175 Campaign, please do not hesitate to contact Nikki Matthews at the Trust Office.
