BISHOPS BRANDING COMMITTEE

The purpose of this Committee is to provide a cohesive, recognisable and consistent appearance for all the visual communication on, or on behalf of, Bishops. All documents produced by Bishops should represent the school in a positive and professional light.

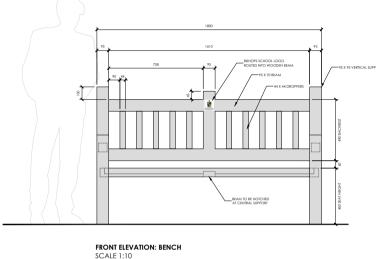

It is imperative that the appearance projected by our visual material communicates the desired image of Bishops, aligning our marketing and appearance in order to:

- create an easily recognisable face of Bishops to the market; and
- maximise the use of the brand to benefit all the Bishops family; and
- protect the brand integrity to the benefit of all the Bishops family.

It is only through directed, controlled use of our brand that we will achieve these objectives.

CLOTHING

This section covers all clothing regulations of the Bishops, including the Pre-Prep, Prep, College.

All Bishops branded merchandise may only be transacted through the School Shop, with approval of branding and design being given by Mr Warren Wallace (College) and Mr Rob Riches (Prep).

Where a bespoke item is required by a group or a team, the teacher/parent/coach/pupil requiring such an item must first communicate this with The School Shop. The Shop will then plan the item to Bishops specification and provide the costing. Thereafter, the Shop is required to get written approval from a Bishops Deputy Headmaster as appropriate.

No Bishops branded items may be produced other than via the authorised channel, as above.

Any school clothing worn by boys is branded with the Mitre. No text may be under the Mitre. Staff and Supporters items are branded with the Crest.

Please note: the School Shop must be asked to quote for any clothing for tours or festivals, even if there is no Bishops branding.

What is the Bishops policy for sponsored items?

All proposed items must be sanctioned by the Bishops Executive in the first instance, whether normal uniform, other items or sponsored kit for tours etc.

Sponsorship of certain items is allowed and in all instances must go through the School Shop, as the Shop is the preferred outlet - in this way we have certainty that the Bishops Brand is properly controlled. The following are the Bishops guidelines:

- · Bishops must first sanction the items involved, in writing and inform the Shop. Without this step nothing can happen.
- · If an item is to be sponsored, or part-sponsored, the sponsor concerned must liaise with the School Shop. The Shop should get the school's approval of the design and use of the Bishops Brand. Thereafter, the Shop and the Sponsor should agree on a manufacturer, order the items at the agreed price and set the selling price (if any). Payment to the manufacturer will be made by the School Shop, who in turn will recover from the sponsor or the school if the funds have been paid to the school. The School Shop is mandated to encourage and work closely with any willing sponsor even for no monetary gain, if that is a particular condition of sponsorship. We are certain that in this way Bishops has the control of its brand.
- · Sponsor's branding on any merchandise will only happen with the express permission of the Principal.

The Bishops Executive have agreed that the Mitre will always stand alone on the left side of the chest and the teams status e.g. 1st XV Rugby, printed on the right side.

In the case of cricket, the mitre with the tassel may be only be used on the 1st XI cap.
